RE: World War II Memorial Security Cameras

Dear Ms. Kempf:

On behalf of the American Battle Monuments Commission (ABMC), the National Park Service (NPS) seeks consideration of final approval of the World War II Memorial Security Camera Project at the National Capital Planning Commission's February 2016 meeting.

The design team worked with staff of NCPC and the Commission of Fine Arts to minimize the impact of the cameras on the Memorial itself, minimizing the number of cameras and integrating them into the existing infrastructure to the greatest extent possible.

Should you require additional information, please feel free to contact me at (202) 619-7038. The submission materials will be transmitted under separate cover.

Sincerely

Doug Jacobs
Deputy Associate Regional Director
Lands, Planning and Design
